Purchasing and Burial Information

Purchasing a Cemetery Lot

1. **Choose Plot** (Maps can be printed from the cemetery's computer software)

We encourage you to visit the cemetery to choose a general area so that parish staff can find unsold plots for you to choose from. Parish staff can also meet you at the cemetery if needed.

2. **Price of Graves**

Parishioner Rate: $1000 to purchase a single plot with one burial and $1500 to purchase a single plot with two burials

Non-parishioner: $1300 to purchase a single plot with one burial and $1900 to purchase a single plot with two burials

Infant Plot: $200

A single plot can be purchased for either a casket or cremation burial. For an additional fee, a single plot can contain two burials — either one casket and one cremation or two cremations (see prices listed above). A single plot can have only one single marker which must be shared even if there are two burials.

Couples may choose to be buried together in one plot with a single shared marker or they may purchase side by side plots with either a shared double marker or a separate marker on each plot.

3. **Size of Grave:** Adult 39"wide X 108"long (including space for marker)

Infant 16"wide X 28" or 38"long

When the payment for the plot purchase is received in full, the parish office will prepare a document reflecting the right to bury in that plot. Two original copies are prepared, one for the purchaser and one to be kept in the church safe.

Prices Effective 8/20/2025
